The tour will be our September 12 meeting. Tailgating is the theme for this year’s tour, so wear your team colors. Meet at 8:30 at the northeast corner of the Connelly Road Walmart parking lot. Maps will be provided. Since this is our annual meeting, bring a guest that might enjoy joining CGC. New members are always welcome. ## Executive Committee Planning Meeting

Officers and committee chairs met on August 16 to plan the 2017 CGC year and to plan the rest of 2016. The calendar dates for next year's events was determined. New and continuing projects were determined.

CGC will decorate the Providence Point residence for the Holiday Home tours on December 3,4,5, 2016. This is one of our 2016 new projects.

Discussion of the *Welcome Home* for veterans 2016 project was discussed. Seems there is little landscaping to be done there. So CGC may make a donation to Urban Ag to work in the vegetable garden area. We will tour the area on our home tour day for final determination.

Marie will update the CGC brochure with 2017 events so that we can pass it out at upcoming events.

The November 7 club meeting will start at 12:30 since the election board needs to get in early to set up for the Tuesday elections.

### Did You Know??

Mosquitoes are attracted to people with high blood sugar. So if you have high blood sugar this may be why they like you so well. We all need to remember our mosquito repellent.

### Yard of the Month for August 2016

Sally Fulweiler 601 S Greenwood. Sally and her husband have lived in this beautiful 3 story home for 52 years. She started landscaping the yard 51 years ago and is still working on it, at 83 she isn't as able to do as much as she used to. The front walk leading up to the house has both sides lined with various perennials. Currently black eyed Susan's are in full bloom. Her hosta have been munched on by deer, which she has problems with even though they have a beautiful blonde Labrador.

### Marty Buell

Longtime CGC member Marty Buell passed away on August 4, 2016. Marty had been living at the Bluff Creek Terrace for several months and that is where she passed. Marty was medical technologist by profession. She was a past president of CGC for 1994 and 1995.

I will always remember Marty as a wonderful floral designer and teacher. She taught many of our design workshops for our flower shows. She also gave the horticulture tips at our club meetings for many years. She was a great teacher. She could make a beautiful design from green leaves from her garden, a very talented lady. We will miss her talent and "witty" personality. CGC is submitting a memorial add in her honor in an upcoming *Garden Forum*.
