Directions to the Extension Center, 1012 Route UU, Columbia, MO – Take the Midway exit off of I-70 (just West of Columbia). Route UU is Southeast of the exit. The Extension Center is the first Building on the left on UU.

## President's Report

Hello everyone!

I'm so excited to see scapes throughout my daylilies! Of course, Stella de Oro is first to bloom but others will be soon...as long as the deer stay away!

More information will be coming on the garden tour as those plans are put in order. Getting out to visit is such a treat and gives us new ideas and tips (what works or not), and lets us see beautiful daylilies - in real life!

The Region 11 Summer Meeting will be July 9-11. I hope many of you are going as it looks like fun!

Fertilize those daylilies so we have quite a variety in August for the state fair and our sale....and at least the plants are getting plenty of water right now! Be sure to take pictures of daylilies you plan to bring to the sale, it helps so much, like they say, picture is worth a thousand words!

Thank you everyone!

Debbie Nix  
President

### **Bob Tankesley-Clarke Memorial**

Friday June 18, 2021

11 am – Nathaniel Greene Pavilion

Springfield Botanic Garden

2400 S Scenic, Springfield MO

The life of Bob Tankesley-Clarke will be remembered in this garden that contains some of his introductions. It will be an occasion to reflect on Bob's life as it affected each of us. There will be no ceremony, simply time for friends and family to gather and tell stories and share what his life meant to us. Dress casually for the weather, as you would when visiting a friend's garden. Please RSVP as soon as you can to Eric at: [Adamgrove@socket.net](mailto:Adamgrove@socket.net).

### **Garden Judge Workshops**

For those who have attended Garden Judge Workshop 1 or need to renew their credentials there are two options this summer:

- 1) June 26 at 9 am in the garden of Diana Plahn (St. Louis area). See Facebook post by Greater St Louis Daylily Society to register. Or call Diana at 314-965-5007.
- 2) Saturday afternoon July 10 as part of the Region 11 summer meeting (see below).

For those who would like to become a Garden Judge, the Workshop 1 will also be offered at the regional meeting. It will make you better at evaluating daylilies when selecting cultivars to add to your collection or when hybridizing. It also allows you to vote in the ADS Awards and Honors process.

### **Local Garden Tour – July 3&4**

We will send a special announcement later in the month with locations and times that member gardens will be on tour the weekend of July 3 & 4. The Rold garden in Hallsville will be open Saturday July 3 from 9-noon and the Cernohlavek/Schultz garden will be open both Saturday and Sunday. **More gardens are being sought. Add yours to the tour by contacting Debbi Nix at 573-682-5806.**

### **ADS Region 11 Summer Meeting and Garden Tours Manhattan, KS July 9-11**

The Manhattan club has a wonderful weekend of daylilies planned. It is just a 4-hour drive from Columbia. Several of us are going. It is always a great time to see amazing gardens and make new daylily friends. Margo Reed is the hybridizer speaker at the Saturday banquet. You must register by June 25 and can do it online. Find the brochure at <https://daylilies.org/event/daylilies-2021-together-again-region-11-summer-meeting/>

### **Missouri State Fair Daylily Show**

The annual daylily show date for the Missouri State Fair is August 13 this year. It is a good time to display our late blooming or re-blooming daylilies and spend a day at the fair. Scapes are exhibited by size/color/form/or seedlings. Bottles and wedges are provided. See pages 1 & 3 of the premium guide for details, fees and prizes: <https://www.mostatefair.com/wp-content/uploads/premium-guide-2021/floriculture.pdf>. There is a room in the back of the Floriculture building to use for grooming entries. There are also three design class themes: Home Team, Batter Up, and Swing for the Fence. Our own member Billie Long is the section coordinator, so direct any questions to her at [beetlebird88@aol.com](mailto:beetlebird88@aol.com). The Show Me State Rodeo is the same evening.

### **From Plant Sale Chairperson**

Just as a reminder, our daylily sale will be August 21st from 8 to Noon at the ARC and Boone County Farmers Markets.

Our picnic will be August 20 from 5 p.m. in Cosmos Park in the Burford shelter until we get everything divided and ready for the sale. We will plan to eat around 6. At this time, I don't know if we will have a potluck or "bring your own". Remember, we aren't "buying" daylilies at the picnic if one of the park rangers comes asking. We are separating for the sale and paying our dues for next year.

I do have labels, markers and rubber bands to give anyone that needs them. You may text or call me at 573-476-2563 so I can get labels to you.

I have been seeing lots of likes on our Facebook page, so people are ready to plant daylilies!!! We should have big, beautiful flowers this year and I am excited to see them!!

Charlene Larkin  
Plant Sale Chair

### **Treasurer and Membership Report**

Beginning balance was \$12,832.24. Checks of \$109.76 repaid John Weiland for Membership Handbook supplies; \$55.00 repaid Charlene for reservation of the shelter, \$100 was paid to Charlie Blackmore for providing equipment at our meeting and \$50 was paid to the American Hemerocallis Society as a memorial for Ken & Jane Sadler, leaving an ending balance of \$12,517.48. All 2020 dues paying members renewed membership for 2021.

Linda & John Poehlmann  
Treasurers

### **Meeting Minutes April 11, 2021**

The meeting was called to order by President, Debbie Nix.

#### **Review of Club Schedule for 2021**

With no flower show this year, it was originally thought that we might have member open gardens in June instead. After today's discussion, we settled on the July 4<sup>th</sup> weekend as an open weekend, with Nancy Rold's garden open that Saturday (7/3), and Carol Schultz & Leemer Cernohlavek's garden open both Saturday & Sunday (7/3 & 7/4). Additional members' gardens may be added that weekend, possibly from some of our northern members. And members are of course free to open their gardens on other dates as desired.

The October 2021 meeting, the next regular meeting, will contain the April meeting's original program - a presentation from Ashton & Terry Lopp— as previously announced. Also as previously announced, the summer picnic and sale will be August 20<sup>th</sup> & 21<sup>st</sup>, respectively.

#### **Region 11 Summer Meeting**

Carol Schultz, now Region 11 President, discussed this year's regional meeting, a second shot for Manhattan, KS, and the Flint Hills Daylily Society, after last year's cancellation. Each club in the region is encouraged to provide a basket to be auctioned off at the regional, and it was decided that we would create a basket themed around Patti Waterman's cultivar 'Peppermint Curls'. Patti will provide an offering of 'Peppermint Curls', and the remainder of the basket will include other peppermint-themed and colored items.

#### **Additional Comments**

Patti Waterman mentioned that a memorial for Bob Tankesley-Clarke will be held June 18<sup>th</sup>, in Nathaniel Greene Park in Springfield, MO. The memorial will likely be held in the late morning, and in coordination with the Springfield area daylily club.

Sue McConnell mentioned that Lloyd Calvin had been in the hospital the past three weeks (non-COVID), and was now at the Bluffs, for what was hopefully just therapy.

Nancy Rold mentioned that she had brought some printouts from last year's winter gathering, containing information from presentations held during the gathering.

#### **Motions**

A motion was made and seconded to send a \$25.00 donation to ADS, in honor of former CMDS members, who were members for at least ten years, who have passed. This motion was proposed with regards to Jane Sadler's passing. Motion carried.

**Program**

Several club members brought picture presentations of their gardens, over the past year or so: Nancy Rold presented a chronological photo gallery, containing newer seedlings, newly planted cultivars, etc.

Charlene Larkin shared a large variety of cultivar photos from her garden. Included were seedlings from Blaise Brazos, and cultivars and seedlings from Julia Semon.

Carol Schultz discussed her slideshow of photos of Red Hill Garden, her and Leemer Cernohlavek's ADS Display Garden. There were many photos of individual beds and the overall garden.

Patti Waterman presented photos of her garden, including upcoming registrations for 2021.

John Wieland shared a few pictures of his and Tara Ashlock's garden over the growing season.

Lastly, Debbie Nix showed a presentation for using the cardboard tubes from rolls of paper as planters for daylilies. Each roll can hold a plant, can be tightly packed together, and will hold together for at least a season. Debbie provided some samples for members to try out the approach.

Respectfully submitted,  
Tara Ashlock & John Wieland, Co-Secretaries

**Articles and Photos Sought**

Any member can submit articles or photos for consideration in this newsletter. Just mail or email them to editor Nancy Rold at: [dlily01@aol.com](mailto:dlily01@aol.com). Publication months and submission deadlines are as follows:

October Newsletter	September 15
--------------------	--------------

My apologies for the delayed publication of this month's newsletter. I was out of town and failed to give submitters enough advance notice.
