### President's Report

Hi everyone!

What an interesting summer we've had! Some of us have had rain to help our plants, while others haven't. It definitely puts the plants to the test! I'm hoping most of mine survive. That is, if I can keep the deer away!

Thank you to everyone who helped with the daylily sale. From digging, dividing and labeling, sorting and then talking with the customers it takes all of us and you do an awesome job!

Now it is time to reflect. What in the garden did well? What didn't perform as well? What do you want to add? One great fun way to plan for garden ideas is by going to the Spring Fling and the National Convention next year. The Spring Fling will be in March, before we get too busy outside.

See you soon!

Debbie Nix  
CMDC President

### October Program – Unique Opportunity!!

Come learn the fascinating story of how the daylily slide collection of the late Jim Whitacre found its way to our club. The discovered collection has historical significance for the AHS historical records and the online database. It includes regional and local daylily history. John Weiland has organized important photos into a PowerPoint program for us to enjoy. You might even be able to contribute details from your experience!

Hope to see you all there!

Patti Waterman  
Vice-President

### Spring/Fall Plant Sales

We have completed another successful fall plant sale! The mall location wasn't very busy so we packed up at 10:00 and took what we had left to the ARC. For the 2 hours we were at the mall, we did well. The income and expenses are listed in the Treasurer's report below.

A BIG thank you to everyone who helped in any way to make up for what I was unable to do this fall. I greatly appreciate all the help. Hopefully by spring, I will be up and running again.

Our hospitality team did a great job setting up for the picnic. The group was small on a hot evening, but the conversation was lively. The renovations to the shelter house that we used were nice and gave more room to display plants and had a cleaner feel overall.

As we close out this event, it reminds us we are getting closer to the time when we put our beauties to bed for the winter and look forward to them peeking through the snow next spring.

### **Minutes CMDS Meeting, June11, 2023**

Carol Schultz kicked off the meeting with a presentation of ways to transport daylilies to an exhibition show without damaging them in route. She additionally suggested researching other regional publications for ideas on flower show submissions. Finally, she showed online videos from the Herrington family, parodying various exhibition show rules and procedures.

Alice Havard was next up, presenting details for the club's upcoming July 8<sup>th</sup> exhibition show. There was a need for a new Classifications Chair for the show; John Wieland volunteered to take that position. All other show chairs remain the same as last year. Four design types will be displayed at the show, in conjunction with the Columbia Garden Club. Alice presented an example of a possible design for the show, a picnic tray design. She asked for volunteers to sign up to take on the designs for the show.

Lastly, President Debbie Nix kicked off the club business portion of the meeting. John Poehlmann gave the Treasurers report, mentioning that a donation had been made to the ADS Endowment Fund in honor of Dorothy Anderson, a charter member of the club who had recently passed away. Nancy Rold mentioned the need for a nominating committee for the nomination of the club's officers for next year. And John Wieland mentioned that he is in the *Region 11* nominating committee, and if anyone in the club was interested in running for Region 11 President to contact him.
